Start Watch: God is Omnipotent, Omnipresent, Omniscient good. Animal magnetism calling itself by any name or wearing any face cannot discredit Mary Baker Eddy and Christian Science.

Christian Science is Mary Baker Eddy's revelation from God to the world.

Christian Science is God's laws, God protects His laws and nothing can withstand the power of these laws nor reverse their effect.

Animal magnetism cannot humanise Mrs. Eddy or belittle her discovery because she was a scribe under orders.

The internet cannot be used as evil's platform to taint the purity of Christian Science or to discredit Mrs Eddy.

There is but one infinite and perfect Mind, this Mind cannot be confused, therefore animal magnetism cannot work hypnotically to confuse Christian Science with Scientology or any other isms.

There is only one attraction which is Spirit, Truth, and God's children cannot be attracted to any baseless lies.

Animal magnetism cannot disrupt, erupt, disturb or impede the effects of Christian Science to bless mankind.
