Story of How Christ Jesus Stilled the Storm

“And when he was entered into a ship, his disciples followed him. And, behold, there arose a great tempest in the sea, insomuch that the ship was covered with the waves: but he was asleep. And his disciples came to him, and awoke him, saying, ‘Lord, save us: we perish.’ And he saith unto them, ‘Why are ye fearful, O ye of little faith?’ Then he arose, and rebuked the winds and the sea; and there was a great calm. But the men marvelled, saying, ‘What manner of man is this, that even the winds and the sea obey him!’”

From Matthew 8:23-27 in the *King James Bible*

He is All Including The Elements Too!

One day I took a train ride with a small child. It felt so hot this day, so sitting and waiting for a train, I said, “it’s so hot, it would be nice to have a cool breeze.” Not too long after saying that, an amazing cool breeze came and this little child just naturally looked to me and said, “that is God!” I will never forget this because it told me how a little child knows the weather is God and that cool needed breeze is God. I was very grateful for the demonstration of God’s presence everywhere, and that He does give what is needed and never withholds our needs. I love the use of Psalm 91 in weather situations too; just to know always that we abide in the secret place of the Most High, is a protective, comforting thought!

So, when there are predictions of disaster because of bad weather, let us look to God. We know He is all, including the elements, and He does not destroy. Praying that way has stopped predicted storms, fire and destruction. God indeed is All!

“Who walks with Love along the way,
Shall talk with Love and Love obey;
God’s healing truth is free to all,
Our Father answers every call;
'Tis He dispels the clouds of gray
That all may walk with Love today.”

Hymn 139 in the Christian Science Hymnal

Scientific Statement of Being

“Question. — What is the scientific statement of being? Answer. — There is no life, truth, intelligence, nor substance in matter. All is infinite Mind and its infinite manifestation, for God is All-in-all. Spirit is immortal Truth; matter is mortal error. Spirit is the real and eternal; matter is the unreal and temporal. Spirit is God, and man is His image and likeness. Therefore man is not material; he is spiritual.”

From the chapter “Recapitulation” in *Science and Health With Key to the Scriptures*,

by Mary Baker Eddy, page 468

I am very grateful for a beautiful demonstration of God's love for His creation. A few weeks ago, I noticed a deer lying against our garden shed in the backyard. Many hours later she was still in the same spot, as I watched her, she slowly stood up and when she turned I noticed a very large wound on her side. Mrs Eddy's statement from Science and Health on page 550 immediately came to me, "God is the Life, or intelligence, which forms and preserves the individuality and identity of animals as well as of men." I started declaring this statement knowing that God formed her and He was preserving her in her eternal perfection.

She seemed very weak and didn't get up very much, so the few times when she would briefly wander off, my husband and I would put water and food out by the spot where she would come to rest.

I kept holding to the Truth that God formed and preserved her and she was perfectly cared for. Two days later she started getting up for longer periods of time and started eating the clover. She was looking stronger, and walking much more easily. The following day I noticed that she was gone for most of the day. I kept looking for her and that evening, instead of seeing her lying by the shed she came running through the back yard, past the window I was looking out of, and ran off into the woods. She looked healthy and beautiful, and I knew that this was proof of God's perfect work, affirming the healing power of the Truth that was being declared.

I am so grateful to God for His tender loving care of all of His ideas, so grateful that I was able to witness her swift recovery, so grateful for Mrs Eddy's gift of Science and Health filled with the Truth that meets our every need.

“Blessed are the pure in heart
for they shall see God.”
